

Exam Announcement

Fundamentals of Systems Engineering

Date: **Thursday, 6th of March 2025 (06.03.2025)**

Time: **2pm-3pm (14:00-15:00Uhr)**

Location: **Audimax A1-207 & Werner-Grübmeier A1-114 Main building**

Exam format in WiSe24/25

The examination will be conducted as a **written attendance** examination this semester. Participation in the exam is only possible with a valid student ID including photo!

Permitted aids

A **non-programmable calculator** (exchange with neighbours is not permitted) is permitted as an aid for the exam. **No other aids are permitted.** Electronic communication devices as well as image and sound recording devices are not permitted during the examination! Jackets and bags must be deposited away from the workplace (e.g. at the front of the examination room).

Processing time & further information

The processing time is **60 minutes**. The scope of the examination covers the lecture and exercise content covered in winter semester 2024/25.

It is not possible to obtain information about examination results by telephone or electronically; the results are entered directly into the examination system.

Questions about the exam will be answered in the **exam consultation hour** (announcements on dates and conditions in the current Stud.IP course).

The allocation of students to the rooms will take place one week before the exam and will be announced via Stud.IP.
